

splice crimp

SPLICING MACHINE	GM322
Alimentation	Monophase 230 V 50/60 Hz
Pneumatic Alimentation	No
Absorbment	750 W
Crimping Force	2.000 Kg (20.000 N)
Splice Width	Till to 6 mm
Splice Thickness	0,25÷0,4 mm
Workable Materials	Splice
Productivity	1.000÷3.000 pcs/h
Display	Digital Numerical Display
Weight	43 Kg
Dimensions	310 x 310 x 370 mm (WxDxH)

## Functions of the Splicing Machine GM322

- Make cable-to-cable junction
- Make cable-to-multi-cable splices
- Uses interchangeable splice strips
