

VERTICAL DYNAMOMETER	GM500 PT
Alimentation	Monophase 230 V 50/60 Hz
Absorbment	200 W
Start	Electronic
Sections	0,1÷5 mm <sup>2</sup>
Samples Length	Not Definable
Stroke	0,1÷500 mm
Forza	Till to 50 Kg
Test Functions	Max Force - Fixed Force Value - Displacement - Time - Curves
Display	Touch Screen LCD Liquid Cristal Display
Memory	No
Weight	35 Kg
Dimensions	1200x500x450 mm (WxDxH)

## Functions of the Vertical Dynamometer GM500 PT

- It allows to carry out resistance tests to the pulling out of crimped electric wires
- Easy and safe use
- Prints a receipt with the results of the tensile test
